

# AI for Workplace Productivity

Leverage artificial intelligence (AI) tools and techniques to enhance productivity in the workplace. Use AI to automate routine tasks, improve decision-making, manage time effectively, and enhance collaboration. The course will cover practical applications of AI across various productivity tools and platforms.

Group classes in NYC and onsite training is available for this course. For more information, email [corporate@nobledesktop.com](mailto:corporate@nobledesktop.com) or visit: <https://www.careercenters.com/courses/ai-workplace-productivity>

- Write Something For You
- Get Summaries of Documents, Articles, etc
- Improve Your Writing
- Clean Up a Video Transcript
- and many more...

### **Generating Images**

- Generating Images from a Text Prompt
- The Style of Graphics: Illustration vs Photography
- Tips for Generating Realistic Looking Photos
- Tips for Creating Images with Copilot

### **Things to Watch Out For**

- Potential Downsides to Generative AI
- AI is Not Perfect (You must verify)

### **Copilot's Integration into Microsoft Office (365) Apps**

- Excel
- Word
- PowerPoint
- Outlook (App or outlook.com)
- Teams (Meetings & Chat)
- OneDrive

### **Microsoft Excel**

- Write formulas for you (inside Excel)
- Insert columns for you
- Apply color and formatting
- Understand/visualize your data by having Copilot create charts, Pivot Tables, and even Pivot Charts

### **Microsoft Outlook & Email**

- Get caught up on your email faster
- Write better emails (Copilot can write emails for you or suggest improvements to what you write)
- Create email rules

### **Microsoft Word**

- Summarize documents
- Have it review your writing
- Have it write for you:
  - Brand new writing based on a prompt you type
  - Based on a reference file you provide it

### **Microsoft PowerPoint**

- Summarize PowerPoint presentations
- Ask questions about content in a presentation
- Generate entire presentations with a Copilot prompt
- Convert files in PowerPoint presentations
- Add new slides

### **Microsoft Teams (Meetings & Chat)**

- Catch up on chats with coworkers
- Ask questions and get answers about a meeting without having to rewatch a meeting or read the entire transcript
- Review/create meeting notes
- Catch up on a meeting if you're late

### **Microsoft OneDrive**

- Summarize files
- Ask questions about a file's contents
- Compare files

### **Using AI In “Your” Job**

How can AI help “you specifically” in your job?

### **Microsoft Copilot vs ChatGPT**

- When to use Copilot Instead of ChatGPT
- When to use ChatGPT instead of Copilot

### **Copilot & AI Are Rapidly Developing**

Resources for Staying Up to Date

### **Copilot Mobile Apps**

Getting the correct Mobile App for your plan (there are multiple)
