Course Outline

This package includes these courses

- Python Programming Bootcamp (30 Hours)
- Python for Web Development with Django (60 Hours)

Python Programming Bootcamp

- Learn the fundamentals of Python programming
- Navigate and analyze tech documentation to solve errors
- Complete independent coding projects

Python for Web Development with Django

Learn the Django framework to develop web applications. You'll learn URL dispatchers, querying models, and automating tasks with Django. Then move on to Django REST (a Django framework) which covers how to work with images, authentication, and using API endpoints.
