

Microsoft Visio Level I

Teaches you how to design and manage basic diagrams, workflow, and flowcharts. This course is designed for persons who have an understanding of the basic workflow and the concept of end-to-end flowcharting. Students will become familiar with the Visio interface, create a basic Visio document and create a route map by using Visio features to work with shapes and text.

Group classes in NYC and on-site training is available for this course.
